

## Appendix 1: What We Asked – Event Organizers

1. Would your events require an open space with no play equipment or amenities? If so, please indicate which zone you would prefer to have as an open space with no amenities.
  - a. Empty zone is not required for my events
  - b. Zone 1
  - c. Zone 2
  - d. Zone 3

2. Would any of the following prevent you from being able to host an event at Pumphouse Park?

- None of these prevent hosting an event
- Zone 1 - Beach volleyball court
- Zone 1 - Adult fitness area with rubber surface
- Zone 2 - Current beach volleyball court
- Zone 3 - Large harvest picnic tables for gatherings of 12 or more
- Zone 3 - Seasonal crokicurl rink (winter only)
- Zone 3 - Permanent barbeque pits
- Zone 3 - Bean bags toss boards
- Zone 3 - Concrete ping pong tables

3. If any of the amenities above would prevent you from being able to host events in the park, please explain.

Verbatim responses:

- We have hosted cyclo cross style races in this park before. Too many permanently built things may present us with too many obstacles to have to get around/marshal/or close off to the public.
- Beach Volleyball court gives greatest concern for limiting the event space. But confined to Zone 1 would be the best situation. Keep Zone 2 open for big tent area.
- permanent fixtures at entry plazas make it difficult to manage access/egress if wanting to fence and ticket the site or stage as starting/finish line for walks/runs

4. Typically, how many people attend your events?

- Fewer than 50
- 51-100
- 101-200
- 201-500
- 501-1000
- 1001-2000
- Other

5. What events or type of events do you organize?

Verbatim responses:

- We organized cyclo cross bicycle racing in the September and October time frames.
- Annual PIOCNIC
- Many events I plan are indoors at venues. I am an event planner that offers registration to medium to large scale corporate events. Sizes generally 200 +. Largest is about 3,000 in attendance.
- public events - cultural, musical etc
- Cyclocross, kids bicycle race
- Team Building type events ie. BBQ
- Outdoor walk event with entertainment and community gathering, food trucks, in the fall.

6. Outside Covid 19-related restrictions, how often do your events occur?

- Less than once per year
- Once per year
- Two to three times per year
- Other

## South Bow Pathway and Pumphouse Park

Report Back: What We Heard  
May 2022

7. Keeping in mind the scope and limitations, is there anything else we should consider in terms of organizing events in Pumphouse Park?

Verbatim responses:

- For our cyclo cross races in the fall, the park in its current configuration suits us quite nicely. We understand the need to make the park accessible for all user and would be happy to host our events within the constraints / boundaries of the park.
- The only limitation for using this park is the limited spot for parking.
- I would think of offering shade of some sort. Some place that would allow safe storage of things from the rain - not unlike shelters offered at Edworthy or Bowness parks for instance. I do like the gaming ideas suggested!
- without access to power and water in poss. main event area this will require generators and temporary infrastructure. What will be in place to minimize damage and help with tripping hazards from running cords/hoses? can stakes go in the ground for tents?
- Permanent fire pits. The temporary ones are great but get stolen and beat up quite fast.
